

FILL-RITE®

Fuel Management System

***Powerful Fuel Management
is Now Within Reach***

Fill-Rite's Fuel Management System combines hardware, a mobile application, and a web portal to give users real-time control over their fuel.

Secure.

Protect your fuel with driver-specific pin codes and robust tracking tools to identify and stop fraud or theft.

Affordable.

Automate tax refunds for off-road fuel use, all while paying a fraction of the cost of legacy fuel management systems with comparable features.

Simple.

Install in a day and take control with the intuitive app and web portal. Customize and automate reports.

Expandable.

Simply add modules to scale with your business. Each module supports unlimited drivers, vehicles, transactions, and users.

Web Based.

Access information from anywhere at any time. With our subscription-based service, updates and improvements happen automatically on a regular basis and you never have to pay extra for them.

1

Hardware

Fill-Rite FMS hardware is compatible with most existing fuel pumps and meters. Installation is quick and simple and designed to scale with your business needs.

Low cost, full featured

The NXFM100 is a fraction of the price of existing fuel management systems thanks to modular components and ingenious software hosted in the cloud.

Easy, modular installation

Designed for both fixed and mobile applications, our hardware is compatible with most pump and meter brands and types and may be installed in as little as one day. The modular design easily scales with the growth of your business.

Constant connectivity

The hardware stays connected everywhere, even in areas with low connectivity. It's always up to date!

Small footprint, big functionality

Easily fit units onto mobile fuel tanks or in tight confines (it's roughly the size of a shoe box), without sacrificing the control and visibility you expect.

Mobile App

The Fill-Rite FMS mobile app provides a portable, intuitive system for authorized users to access pumps.

Use the technology you already have

The app works with the Android and iOS devices you use every day. No more cards!

Secure your pumps

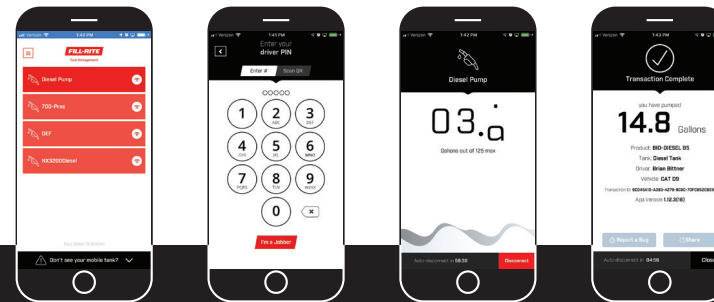

Fuel access is gated behind driver-specific pin codes, helping protect you from theft and unauthorized transactions.

Say goodbye to pen and paper

All transaction data is uploaded to Fill-Rite FMS's web portal, saving you the hassle of tracking down hand-written transaction sheets.

Better fuel attribution

The app connects drivers to transactions automatically, making it easy to see who is using your fuel and where.

Web Portal

Fill-Rite's web portal serves as your all-in-one fuel dashboard. Check inventory, run reports, and manage pump permissions from one place.

Customized, automated reports and paperwork

Collect the information you need at the pump to auto-complete reports and **off-road fuel use tax forms**.

Instant visibility into all your tanks

Check inventory levels and set permissions from one dashboard.

Advanced inventory management

Get real-time updates and alerts on fuel inventory, and automatically order when levels are running low.

Cloud-based software for access everywhere you work

Your fuel data is available any time, anywhere, on any computer through your Fill-Rite FMS account. View real-time transactions and push out automatic updates to prevent fraud and control fuel use.

FILL-RITE FMS™

Fill-Rite stands behind all of its products. Our hardware is UL and FCC rated, and we offer a full two-year parts warranty.
